Proposed Position:

Engineer 5

Background

Energetic and goal-oriented Associate Consultant and Data Analyst with 4 years of dashboard and database development experience in increasingly responsible positions. Skilled in concurrent management of multiple cross-functional projects with a proven ability to deliver high quality products and services on schedule and on budget. Possesses strong communication, analytical and problem-solving skills. Experienced hosting virtual or physical meetings and establishing strong working relationships with remote partners.

Work History & Professional Accomplishments

Associate Consultant	Cobec Consulting	05/2018 -Present
	Washington, DC	

- Support of AJI for their UAS project tracking, building dashboards for easier management
- Internal support of management with Microsoft PowerApps development
- Optimization of datasets from Excel to Access for faster processing
- Development of multiple programmatic dashboards for Surveillance
- Support R&D efforts for new product demos

Building Manager	James Madison University	08/2017-05/2019
	Harrisonburg, VA	

- Leading event services assistants in readying rooms for reserved events.
- Managing customer data to ensure no overlap of reservations and that all services requested for events are provided.
- Processing and organizing paperwork for event registration.
- Assisting clients during events, ensuring the success of their event, and following up with them to improve future reservations.

Data Analyst Intern	Federal Emergency Management Agency	05/2017-07/2017
	Washington, DC	

- Supporting FAA and commercial clients with airport surface analysis
- Conducted research for the agency, analyzing big data to discover relationships between the Center for Disease Control's (CDC) Social Vulnerability Index and FEMA's Individuals and Housing Program.
- Gained experience programming in R and implementing the Shiny package to create informational dashboards of my research for bi-weekly reporting.

Research Assistant	James Madison University	05/2016-07/2016
	Harrisonburg, VA	

LS TECHNOLOGIES, LLC

Systems Engineering-2025 (SE-2025)

Resume Template

- Support the FAA IP&A office reviewing and support business cases.
- Trained on and worked with instruments including the Edwards AUTO 500 Magnetron Sputtering System, a profilometer, photolithography equipment, and a laser cutter.
- Maintained a laboratory notebook on all experiments conducted.

Conflict of Interest Disclaimer

Do you have a personal conflict of interest related to the work required by this task? Circle (Yes or No)

“Personal conflict of interest” means a situation in which a covered employee has a financial interest, personal activity, or relationship that could impair the employee’s ability to act impartially and in the best interest of the Government when performing under the contract/task. Sources of personal conflicts of interest include:

- (i) Financial interests of the covered employee, of close family members, or of other members of the covered employee’s household;
- (ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and
- (iii) Gifts, including travel.

If yes, please provide details, either below or on a separate document.

By signing below, I certify that I have no conflict of interest relative to the work required by this task.
