TSCHUNEMAN@COBEC.COM

Background

Mr. Schuneman has over 20 years of experience in Project Management, with 13 years of experience specializing in Earned Value Management (EVM). He has experience in developing, managing, and tracking EVM and scheduling from both the contractor and government perspective. Serves clients as an expert contributor in EVM processes and set-up for program scope and milestone tracking. Federal Government agency experience includes working with the Federal Aviation Administration (FAA), Federal Emergency Management Agency (FEMA), and Defense Logistics Agency (DLA)
